

Aqua AI — Providers App Guide

Version 4.0 · May 2026 · Complete Provider Manual (Breeders and Consultants) · Operated by Humara Ltd, Registered in England and Wales

Introduction

The Aqua AI Providers app is designed for professional service providers on the Aqua AI platform. This guide covers both provider roles available within the app: Breeder and Consultant. Both roles can be held simultaneously under the same account.

Part A covers the Breeder role. Part B covers the Consultant role. Part C covers features shared by both roles.

PART A — BREEDER DASHBOARD

A1. Sign Up and Account Creation

Open the app, tap Sign Up, and create your account by entering your name, email address, and password. Password reset is available from the login screen.

Sign Up Full Name Username Email Password Sign Up Already have an account? Log in Sign Up / Login screen	Forgot Password? Enter your email and we'll send you a password reset link. Email Send Reset Link Back to Login Forgot Password screen
--	---

A2. Apply as a Breeder

After creating your account, select Breeder as your provider role and complete the application with business name, bio, address, contact information, and social links.

Open As

Select your Role for today

Consultant
Offer services, manage bookings, grow your business.

Breeder
Sell species, manage inquiries, build your brand.

Select provider role — Breeder or Consultant

A2.1. After Applying

You will receive an email confirming your application. Provider approval is handled by head office and usually takes 24 to 48 hours. Once approved, log back in and access your Breeder Hub.

A3. Breeder Subscription and Pricing

A3.1. Standard Subscription

£24.99 per month or £239.99 per year. No sales commission. No extra cost per sale. One fixed fee only.

A3.2. Early Adopter Promotional Pricing

Promotional pricing is available for the first 100 registered breeders. Early adopters receive a reduced rate that is locked in for as long as they remain subscribed.

- Promo Monthly: £19.99/month
- Promo Annual: £189.99/year

This promotional rate is grandfathered — it stays with you permanently as an early adopter, regardless of future price changes. If you cancel, you have a 30-day grace period to resubscribe and retain your promotional rate. After 30 days, standard pricing applies.

A3.3. Optional Certification Tiers

- Aqua Certified: £250/year — entry-level certification with platform verification
- Professional: £699/year — enhanced verification, additional badge visibility
- Master Breeder: £1,499/year — highest tier with premium visibility and priority placement

A4. Breeder Hub Dashboard

The Breeder Hub shows enquiries, species for sale, and breeder status (open or closed). Main tabs: Manage Species, Badges, Analytics, Settings, and Trust Intelligence.

A5. Manage Species

A5.1. Add a Species

Open Manage Species, tap the plus button, choose the type (Freshwater, Saltwater, Pond, or Inverts), search the database, enter quantity and pricing, add notes, and save.

A5.2. Edit, Duplicate, or Delete

Edit details, change pricing, update notes, change photos, delete, duplicate, or create size variations at any time.

The screenshot shows the 'My Species' app interface. At the top, there's a header with 'AQUA AI' logo, a notification bell, a search icon, and a 'Switch' button. Below the header, the title 'My Species' is centered. A species entry for 'Black Neon Tetra' is shown with its scientific name 'Hyphessobrycon herbertaxelrodi', stock '8', and price '---'. It has a green checkmark and the text 'Listed on Marketplace'. Below this is the 'Add Species' section with tabs for 'Freshwater', 'Saltwater', 'Pond Fish', and 'Invertebrate'. A search bar contains 'Neon'. Below the search bar, a list of species is shown: 'Paracyprinomys nigripinnis', 'Green Neon Tetra' (Paracheirodon simulans), 'Neon Green Rasbora' (Microdevario kubota), and 'Neon Jewel Cichlid' (Rubricatichromis sp. Neon). Below the list is a quantity selector with minus, 0, and plus buttons. There are also input fields for 'Price Min', 'Price Max', and 'Notes'. At the bottom is a large purple 'Save' button.

Species detail — edit and manage

A5.3. Stock Control

Increase or reduce stock, mark as sold out, or restock. When fish are sold, stock is automatically reduced.

A6. List Species on Marketplace

List available species on the Marketplace from a species entry. Tap List on Marketplace, enter pricing, add listing information, upload images, and publish.

A7. Badges and Trust Score

The Badges tab shows trust progress and earned badges. Trust tiers: Bronze (0–39), Silver (40–79), Gold (80–119), Platinum (120+). Scores recompute nightly. Higher tiers unlock enhanced visibility and priority placement.

Trust Score and Badges overview

A8. Analytics

Sales, stock sold, species count, rating, health, mortality, response timing, and trust score. Includes AI-generated insights, tier comparison, inventory status, species breakdown, seasonal forecast, and rating distribution.

A9. Profile

Your provider profile is visible to users on the platform. Keep it updated with business name, bio, contact details, social links, profile image, and current availability.

A10. Trust Intelligence

AI-powered performance review: scores, trajectory, market benchmark, rank, weekly digest, risk breakdown, target rate, and retention scores. Includes seasonal demand forecasting and badge progress.

Trust Intelligence — scores and trajectory

Trust Intelligence — market benchmarking

Trust Intelligence — general demand

A11. Notifications and Orders

The bell icon contains purchase activity, enquiry updates, and system alerts. When someone purchases a fish, you are notified in-app and by email. Follow-up is handled directly between you and the buyer via email.

Notifications — purchase and enquiry alerts

PART B — CONSULTANT DASHBOARD

B1. Sign Up and Account Creation

Open the app, tap Sign Up, and create your account. Password reset is available from the login screen.

Sign Up Full Name Username Email Password Sign Up Already have an account? Log in Sign Up / Login screen	Forgot Password? Enter your email and we'll send you a password reset link. Email Send Reset Link Back to Login Forgot Password screen
---	---

B2. Booking Notification Email

When a user makes a booking request, you receive both an in-app notification and an email containing booking details, the user's name, the service requested, the proposed date and time, and a link to respond.

Booking notification email — booking request details

B3. Apply as a Consultant

After creating your account, select Consultancy as your provider role. Complete the application with personal and business details, services offered, and social media links.

B3.1. After Applying

You will receive an email confirming your application. Provider approval is handled by head office and usually takes 24 to 48 hours.

B4. Consultant Subscription and Pricing

£50 per month plus 10% platform commission on all bookings. Commission is deducted at the point of payment processing.

B5. Consultant Dashboard

Shows booking count, pending requests, and monthly earnings. Quick access to Services, Calendar, Bookings, Profile, and Analytics.

Consultant Dashboard — overview

B6. Services

B6.1. Manage Services

Edit price, unit (hour/visit/job), and duration for existing services.

B6.2. Add Services

Tap Add Service, select from the predefined service list, set price, unit, and duration, and confirm.

B7. Calendar

View bookings in calendar format. Filter by All, Next 7 Days, Today, or With Bookings Only. Set weekly availability and block time as needed.

B8. Bookings

Bookings are organised into three tabs: Pending, Active, and Completed. Approve or reject incoming requests. Approved bookings move to Active after user payment. Mark as Completed after the booking date.

B8.1. Cancellation and Rescheduling

Over 48 hours' notice: No trust score penalty. Under 48 hours: Incident recorded. Consultant cancellation results in a full refund to the user.

B9. Analytics

Booking volume and trends, completion rate, earnings summary, rating and review trends, and trust score progression.

B10. Trust Intelligence

Scores, trajectory, market benchmark, rank, weekly digest, risk breakdown, target rate, and retention scores. Includes performance forecasting, demand trends, and badge progress.

B11. Profile and Business Profile

Edit personal and business information. Manage consultant profile details. View badges and achievements.

Add service from profile

PART C — SHARED FEATURES

C1. Provider AI Business Assistant

A floating AI assistant accessible from the bottom-right corner of the app. Interact by typing or speaking. Provides business guidance, profile improvement suggestions, growth and competitiveness support, and role-specific thinking linked directly to your provider profile.

Provider AI Business Assistant

C2. Trust Score and Badges

Trust tiers: Bronze (0–39), Silver (40–79), Gold (80–119), Platinum (120+). Scores recompute nightly. Higher tiers unlock enhanced visibility and priority placement. Badges are earned through consistent platform activity and specific milestones.

Trust Score and Badges overview

C3. Marketplace

All providers have access to the same marketplace as users. Browse listings, purchase stock or products, and interact with sellers.

Marketplace — browse and purchase

C4. Research Tool

The rocket icon opens the Research tool. Research the market, review competitors, explore opportunities, and receive an intelligence report based on your current profile.

Research Tool — market intelligence

C5. Switching Roles

If registered as both a Consultant and a Breeder, switch between dashboards using the role toggle in the top navigation. Both roles share the same account and trust score.

C6. Data and Privacy

Your data is protected under the UK GDPR. Client data accessed through the platform is scoped to active interactions and must not be used for purposes other than service delivery. Full details are in our Privacy Policy and Provider Policy.

C7. Support

For help, contact us at info@aquaai.uk or visit www.aquaai.uk/support.
